Let Us Help!

Thank You for your interest in YMCA financial assistance. The YMCA strives to make our programs and memberships available to all who will benefit from them, regardless of income. All financial assistance is granted on a sliding scale based on income verification, and need. All information is kept confidential. Funds for the scholarship program are raised through the Friends of the Y Campaign annually, in which people make donations to help support individuals and families. In light of the present economy, we are forced to limit the amount of financial assistance we can offer to one scholarship per qualifying Adult/Family. Scholarships may be used towards Fair Acres YMCA Programming Fees or Membership dues.
